Member List

The following is a list of the member companies that participate in JEDEC. Members are listed alphabetically.

3D PLUS (https://3dplus.com)	ATX Semiconductor (Weihai) Co. Ltd. (https://www.atxwh.com)
ABB (http://www.abb.com)	Aumovio Germany GmbH (https://www.aumovio.com)
ABLIC Inc. (http://www.ablicinc.com)	Avant Technology Inc. (http://www.avanttechnology.com/)
Accel-RF Instruments Corporation (http://www.accelrf.com)	Axiado Corporaton (https://www.axiado.com)
Accelerated Memory Production Inc. (http://www.ampinc.biz/)	Axis Communications AB (http://www.axis.com)
Accton Technology Corporation (https://www.accton.com)	BAE Systems (http://www.eis.na.baesystems.com)
ACES (http://www.acesconn.com)	Beijing Eswin Computing Technology Co. Ltd. (http://www.eswin.com)
ADATA Technology Co. Ltd. (http://www.adata.com.tw)	Beijing Future Signet Technology Co. Ltd.
Adtec Corporation (http://www.adtec.co.jp/)	Beijing Memblaze Technology Co. Ltd. (http://www.memblaze.com)
Advanced Micro Devices Inc.	Beijing Xiaomi Mobile Software Co. Ltd. (http://www.xiaomi.com)
Advanced Semiconductor Engineering (http://www.aseglobal.com)	Bellwether Electronic Corporation (http://www.bellwether-corp.com)
Advantest Corporation	Binfu Electronics (Shenzhen) Co. Ltd.
Aehr Test Systems (https://www.aehr.com)	Biwin Storage Technology Co. Ltd. (http://www.biwin.com.cn)
Air Force Research Laboratory	Bourns, Inc. (https://www.bourns.com)
AIRBUS (http://www.airbus.com)	Brain Power Enterprise (Hong Kong) Limited
Aivres Systems Inc. (https://www.aivres.com)	Brite Semiconductor (Shanghai) Co. Ltd. (https://www.britesemi.com)
Akrostar Technology Co. Ltd. (http://akrostar-tech.com)	Broadcom Inc. (http://www.broadcom.com)
Alibaba (China) Co. Ltd. (https://www.alibabagroup.com/en-US/)	Buffalo Inc. (https://www.buffalo.jp)
Alpha and Omega Semiconductor Inc. (http://www.aosmd.com/)	Bull (https://www.bull.com)
Alter Technology France (https://wpo-altertechnology.com/hirex-engineering/)	Cadence Design Systems (http://www.cadence.com/products/ld/verification_ip/pages/default.aspx)
Altera Corporation (https://www.altera.com)	Cambricon Technologies Corporation (http://www.cambricon.com)
Ambarella Corporation	Cambridge GaN Devices Ltd. (http://camgandevices.com)
Amkor Technology Inc. (https://www.amkor.com)	Canon Inc.
Amlogic (https://www.amlogic.com)	CEA (http://www.cea.fr/cea-tech)
Ampere Computing (https://www.amperecomputing.com)	Celera Semiconductor
Amphenol Corporation (http://www.amphenol.com.tw)	Century Micro Inc.
Ampleon Netherlands B.V. (https://www.ampleon.com)	Changxin Memory Technology (Shanghai) Co. Ltd. (https://www.cxshmt.com)
Analog Devices Inc.	Chengdu Haiguang Integrated Circuit Design Co. Ltd.
Annapurna Labs (U.S.) Inc. (http://www.annapurnalabs.com)	Chilisin Electronics Corporation (https://www.chilisin.com)
Anpec Electronics Corporation (http://www.anpec.com.tw)	Chip Interfaces (http://www.chipinterfaces.com)
Anritsu Corporation (https://www.anritsu.com)	Chung King Enterprise Co. Ltd. (https://www.ckplas.com)
Antmicro Ltd. (http://www.antmicro.com)	Ciena (https://www.ciena.com)
AP Memory Technology Corporation (https://apmemory.com)	Cirrus Logic Inc. (http://www.cirrus.com)
Apacer Technology Inc. (http://industrial.apacer.com/index.aspx)	Cisco Systems Inc. (http://www.cisco.com)
Apple Inc.	CIX Technology Group Co. Ltd. (http://www.cixtech.com)
Arasan Chip Systems (https://www.arasan.com)	Clariant Corporation (https://www.clariant.com/en/Business-Units/Functional-Minerals/Cargo-and-Device-...)
Argosy Research Inc. (https://argosytw.com)	Climbacle Technology Co. Ltd. (https://www.climbacle.com.tw)
ARM Ltd. (http://www.arm.com)	Cohu Inc. (https://www.cohu.com)
Arrow Zeus Electronics	Cornelis Networks Inc. (http://www.cornelisnetworks.com)
Arteris IP (https://www.arteris.com)	Corsair Memory Inc. (http://www.corsairmemory.com)
Artmemtech Technology (https://www.artmemtech.com)	
ASolid Technology Co. Ltd.	
Astek Corporation (https://www.astekcorp.com)	
Astera Labs Inc. (https://asteralabs.com)	
ASTRON Connectivity Co. Ltd. (http://astron.com.tw)	
ATP Electronics Inc. (http://www.atpinc.com/)
