Vadim Yakubov

Founded in
2002

We have a presence across four continents with 200+ employees in the US and 350+ globally. We have facilities across the US, Mexico, India, China, Vietnam, and Spain, and can service customers across continents due to our superior logistics capabilities.

Core Values

Although Unimacts operates on four continents and in 15 countries worldwide, our leadership team, engineers, country managers, project managers, and team members are united by a shared commitment to a common set of core values.

 Quality We provide nothing less than world-class quality through every process, product, and service we deliver.	 Integrity We uphold uncompromising honesty, transparency, trust, and accountability through every word, decision, action, and result.	 Efficiency We are dedicated to eliminating waste — of time, energy, money, resources, thought — in all that we say and do.	 Value We are dedicated to delivering processes, products, and services that have worth far beyond the cost of the resources required to produce them.
 Respect We value our partners, team members, customers, and the environment and encourage individual development, recognize worth and reward performance.	 Continuous Improvement We constantly seek better ways to improve our products, processes, and ourselves through relentless curiosity, versatility, creativity, resourcefulness, and innovation.	 Leadership We are committed to shaping a better future for our customers, our company, our team, and our planet by putting the needs of others first.	 Commitment We always give our very best and stand behind the quality, value, and performance of our products, services, partners, and customers.

Message from our CEO

"Unimacts is founded on the principles of operational excellence, accountability, and performance. We integrate our global manufacturing and extensive supply chain capabilities to consistently meet customer expectations across all regions."

About Zetwerk

Established in 2017, Zetwerk is a transformative manufacturing services company headquartered in India, revolutionizing the sector with its innovative approach to production. Backed by some of the world's leading venture capital firms, Zetwerk has rapidly emerged as a global force in manufacturing and supply chain.

Started with the vision to bridge the gap between demand and supply in the manufacturing industry, Zetwerk connects OEMs and EPC customers with manufacturing enterprises globally and provides supply chain solutions to ensure efficient operations.

Suppliers - Our extended family

Our suppliers are central to our growth and existence. We have supplier partners across the US, Mexico, China, India, Germany, Spain, Turkey, Vietnam, Philippines, South Korea, Taiwan, and counting, each contributing to our ability to serve a wide variety of customers across industries.

Our sourcing teams are local experts across geographies, with extensive experience and knowledge of their regions. Over the years, they have identified high-quality partners specializing in different components and processes, many of whom didn't have a web presence. In numerous cases, we have invested in expanding the capacity of our most promising supplier partners and significantly grew their businesses.

Unimacts: A legacy of quality in Solar & Engineering components for over 20 years serving the Solar, Wind and OEMs industries globally.

Unimacts was founded in 2002. We have partnered with leading Solar EPCs, tracker OEMs, developers and industrial OEMs to reduce costs, maximize quality and improve customer service throughout the international supply chain.

Headquartered in Sloan, NV with more than 200+ employees in North America

We operate on four continents and have supplied more than \$1 billion in products for our US customers.

We enable our customers to "Buy local and source global, through the UNX supply chain service"

We deliver these solutions from our own factories and operations centers in the USA, Mexico, and Europe, as well as partner factories in places like India, China and Vietnam

Our priorities are SQDC – Safety, Quality, Delivery, Cost

Contact Unimacts for cost-effective manufacturing, global sourcing, and efficient supply chain solutions.
