Powering the Future with Reliable, Bankable Transformers

Engineered for performance. Built for reliability. Delivered faster with Unimacts—trusted by leading utilities, developers, and EPCs worldwide.

ABOUT UNIMACTS

Global Transformer Expertise with Local Delivery

Unimacts delivers end-to-end transformer solutions, leveraging Zetwerk's global scale and KRYFS' decades of core and tank engineering expertise to power high-reliability renewable and industrial networks worldwide.

45-Day

Safe Harbor Support

10+ GW

Projects Enabled Globally

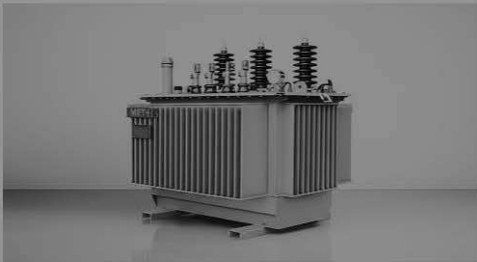

Up to 30%

Faster Lead Times

SOLUTIONS WE PROVIDE

■ SOLUTIONS WE PROVIDE

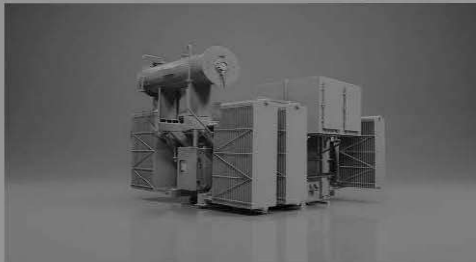

Our Products

Distribution Transformers

Compact and efficient for steady power delivery. 10 kVA – 5 MVA (up to 34.5 kV). Hermetically sealed or corrugated radiator cooling. Oil-filled and dry-type options built through Unimacts for quality and consistency.

EXPLORE SPECS

Power Transformers

High-capacity solutions for utility and generation projects. Up to 500 MVA / 765 kV with OLTC designs. Tested 220 kV ester-oil models delivered through Unimacts for proven performance and bankability

EXPLORE SPECS

Pad-Mounted Transformers

Pre-engineered for renewables and urban networks. Up to 10 MVA / 34.5 kV class. Oil-cooled, tamper-proof designs. Factory-tested through Unimacts for long service life and easy installation.

EXPLORE SPECS

Dry-Type Transformers

Safe, maintenance-free indoor solutions. 13.8 – 34.5 kV range, copper windings, epoxy or polyester finish. Manufactured through Unimacts for fire-safe and space-efficient applications.

EXPLORE SPECS

Inverter-Duty Transformers

Purpose-built for solar and wind energy. Handles variable loads efficiently up to 34.5 kV. Copper or aluminum windings. Optimized through Unimacts for renewable integration.

EXPLORE SPECS

Oil-Filled Transformers

Proven endurance for heavy-duty projects. Up to 160 MVA / 220 kV, copper or aluminum wound. Ester and mineral oil options are produced through Unimacts for sustainable grid operations.

EXPLORE SPECS

■ OUR VALUES

THE BEST PART? WE WORK FAST. THINK WEEKS AND MONTHS.

**Global Supply Chain**

India, UAE, and Oman for resilience.

**Bankable Partner**

\$1B+ in U.S. sales and a strong U.S. legal entity, trusted by utilities, IPPs, EPCs, and developers.

**Safe Harbour Procurement**

45-day component procurement supporting Safe Harbor Compliance.

**Faster Delivery**

Up to 30% faster lead times than industry standards.

**Custody of Value Chain**

Cores and tanks manufactured in-house.

**Tariff Advantage**

Global footprint keeps pricing fair.

■ OUR PRESENCE

Our Resilient Supply Chain spread across India and Middle East

MANUFACTURING FACILITIES

■ OUR PORTFOLIO

OUR PORTFOLIO

Comprehensive switchyard solutions portfolio

Protection Equipment

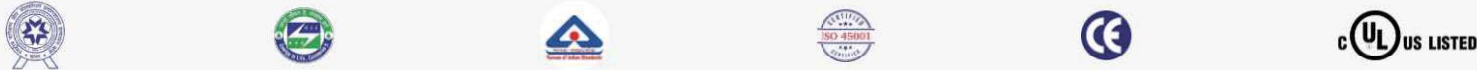

Specifications

- Disconnect-Isolator (34.5kV-765kV)
- Surge/Lightning Arresters (11kV-850kV)
- RIP Bushings (up to 420kV)
- Porcelain Insulators (34.5kV-765kV)

Measurement Solutions

TESTIMONIALS

What our clients say...

Coordination and clarity from Unimacts kept our project moving without delays or surprises.

Senior Project Manager

Their engineering support and responsive communication made the procurement process smooth from RFQ to delivery.

Supply Chain Manager

The quality and finish of each unit exceeded expectations and helped our team hit aggressive commissioning dates.
