Re: *Certain Wearable Devices*, ITC Inv. No. 337-TA-_____

Dear Secretary Barton,

I am counsel for Complainants Samsung Electronics Co., Ltd. ("SEC") and Samsung Electronics America, Inc. ("SEA") (collectively, "Samsung" or "Complainants"). In Accordance with the requirements of 19 C.F.R. §§ 201.6(b), 201.8(f), and 210.5 concerning confidential business information, Complainant respectfully requests confidential treatment of the business information contained in Confidential Exhibits 10, 11 and 25–28 filed concurrently herewith.

The information contained in these Confidential Exhibits for which Complainants seek confidential treatment consists of (a) Complainants' business operations including confidential license information, and/or (b) technical details regarding the processes for manufacturing and testing the covered products, including confidential analyses by private third parties.

The information in the Confidential Exhibits described herein qualifies as confidential information pursuant to 19 C.F.R. § 201.6 because:

1. substantially identical information is not available to the public;
2. the unauthorized disclosure of such information could cause substantial harm to Complainants' and/or third parties' competitive positions; and
3. the disclosure could impair the Commission's ability to obtain information necessary to perform its statutory function.

Non-confidential versions, to the extent redactions are reasonably possible, are provided in the public exhibits being filed concurrently.

Thank you for your attention to this matter. Please contact me with any questions regarding this request for confidential treatment.

Respectfully submitted,

/s/ D. Sean Trainor
