Re: Certain Powered Rocker-Recliner and Glider-Recliner Mechanisms and Seating Units

Dear Secretary Barton:

I am counsel for Complainants Ultra-Mek Incorporated, Leggett & Platt Incorporated, and L&P Property Management Company (“Complainants”). Pursuant to Commission Rules 210.5 and 210.6, Complainants request protection of Exhibits 23C-25C, 58C-59C, 78C-83C, 85C-86C and 89C-90C to the complaint as confidential business information.

The information in the exhibits for which Complainants seek confidential treatment consists of proprietary commercial and financial information, including confidential financial data regarding Complainants’ domestic operations and investments in plant, equipment, labor, and capital related to domestic articles protected by Complainants’ asserted patents, and is not otherwise publicly available. The information qualifies as confidential business information under Commission Rule 201.6 because substantially identical information is not available to the public, the unauthorized disclosure of this information could cause substantial competitive harm to Complainants, and because the disclosure of this information could impede the Commission’s efforts and ability to obtain similar information in the future.

Thank you for your attention to this matter and please do not hesitate to contact me with any questions regarding this filing.

Respectfully submitted,

/s/ Aarti Shah
