Best nursing chair ever

BUY IT. Especially if you're a new mama. Quiet power recline, no trying to push the footstool down while your whole body (especially abdominals) hurts after having baby. Won't wake baby either.

The phone holder arm thingy is a must when you're trying to feed or hold little one while reading on kindle app or FaceTiming family.

Charger port a must when you're online shopping during a 3 am feed

The swivel is great for small spaces and the rocking is smooth and easy.

The faux leather wipes easily when baby spits up: no stinky spit up staining fabric.

Nothing better for nursery!
