About

■ About Us

■ Culture

Jiangsu Carya Smart Home Hardware Co. Ltd is an independent and innovative high-tech company specialized in the R&D, production and distribution of recliner mechanisms and actuators as a total solution provider.

It is conveniently located in the Daqiao Industrial Park, Jiangdu District, Yangzhou City of Jiangsu Province. The location is very close to the highways, Yangzhou waterways and Yangtai airport.

The company was established in August, 2018 occupying a land area of 60,000m² and factory buildings of 40,000m². The company has an annual capability of producing multi-million units of recliner mechanisms.

Currently employing app. 300 people but planned for app. 1,000 people. The employees including R&D, quality, production and sales management are experienced and knowledgeable coming from a world leading company in this area.

With the well trained employees, advanced manufacturing process technology and equipment and management systems, we are striving for innovation, upgrading and exceeding the industrial standard and aim to become the mainstream suppliers in this industry!

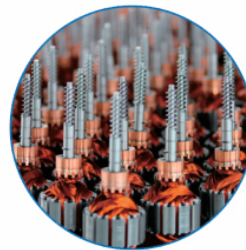

Since the establishment, the company has introduced more advanced manufacturing process technology and equipment such as full deburring process, electrophoresis process, automatic riveting process and etc to ensure a better quality and reliability. Our manufacturing process and finished products are more environmentally friendly, more attractive in appearance and more rust and scratch proof to increase the satisfaction of our end-users. Over 100 customers including many big names in the industry are using our products in the market place.

We warmly welcome you to visit us and discuss about our potential cooperation! Thanks!
