Re: Second Supplement to Complaint in *Certain Powered Rocker-Recliner and Glider-Recliner Mechanisms and Seating Units Containing Same, Dkt. No. 3933*

Dear Secretary Barton:

Complainants Ultra-Mek, Inc. and Leggett & Platt, Inc. (“Complainants”) respectfully submit the following modifications as a second supplement to their Complaint filed on August 21, 2026 and supplemented on September 9, 2026:

1. Paragraph 111 should be replaced with the following:

“On information and belief, Living Style sources the Accused Mechanisms, such as the 5115 powered-rocker mechanism and the 7115 powered-glider mechanism, from Carya Smart, incorporates them into finished seating units (the Accused Seating Units) and imports the Accused Seating Units into the United States, sells them for importation into the United States, and/or sells them in the United States after importation. Ex. 25C ¶¶ 4, 6. Living Style is the licensee of the “BARCALOUNGER” trademark for use in connection with certain furniture products manufactured, marketed, and sold exclusively by Living Style. Ex. 91. Living Style imports Barcalounger-branded power glider-recliner and power rocker-recliner seating units into the United States, where, on information and belief, they are then sold after importation by third-party retailers. Ex. 17; Ex. 25C ¶¶ 4, 6, Exs. 92, 93.

On information and belief, Living Style Barcalounger power glider-recliners comprise Carya Smart Accused Gliding Mechanisms such as the Carya Smart 7115 power-glider mechanism and Living Style Barcalounger power rocker-recliners comprise Carya Smart Accused Rocking Mechanisms such as the Carya Smart 5115 power-rocker mechanism. For example, the Barcalounger glider-recliner depicted in the image above and in Exhibit 92 has a Carya Smart label on its glider-recliner mechanism, and the Barcalounger rocker-recliner depicted in Exhibit 3 has a Carya Smart label on its rocker-recliner mechanism. *See Exs. 3, 55, 92.*

Exhibit 3 depicts a Representative Rocker that is representative of all Accused Seating Units that comprise a Carya Smart 5115 power-rocker mechanism, including Living Style's accused Barcalounger power rocker-recliners. Exhibit 6 depicts a Representative Glider that is representative of all Accused Seating Units that comprise a Carya Smart 7115 power-glider mechanism, including Living Style's accused Barcalounger power glider-recliners."

2. Paragraph 114 should be replaced with the following:

"On information and belief, Henglin sources the Accused Mechanisms, such as the 5115 powered-rocker mechanism and the 7115 powered-glider mechanism, from Carya Smart and incorporates the Accused Mechanisms into finished chairs (the Accused Seating Units) that are then imported into, or sold for importation into, the United States. Exs. 51, 55; Ex. 25C ¶¶ 5, 6. The Henglin Respondents import COLAMY-branded power glider-recliner and power rocker-recliner seating units into the United States. Ex. 19; Ex. 25C ¶¶ 5, 6. On information and belief, these Henglin COLAMY power glider-recliners and power rocker-recliners are then sold in the United States by the Henglin Respondents through the COLAMY website and major e-commerce sites. *See, e.g.*, Ex. 25C ¶¶ 5, 6; Exs. 94, 95.

Smart label on its glider-recliner mechanism and the COLAMY power rocker-recliner depicted in the image above and in Exhibits 95 and 96 has a Carya Smart label on its rocker-recliner mechanism. *See Exs. 6, 49, 95, 96.*

Exhibit 3 depicts a Representative Rocker that is representative of all Accused Seating Units that comprise a Carya Smart 5115 power-rocker mechanism, including Henglin's accused COLAMY power rocker-recliners. Exhibit 6 depicts a Representative Glider that is representative of all Accused Seating Units that comprise a Carya Smart 7115 power-glider mechanism, including Henglin's accused COLAMY power glider-recliners."
